It's my mission to personalise every wedding and event that I'm assigned to, and to deliver breathtaking images that will be treasured forever. I don't do mediocre; my aim is to give you not only an exceptional service, but a stunning storybook of incredible, once-in-a-lifetime memories. I don't want you to merely smile when you see my work; I want you to be in awe. It's what you deserve, and it's what I've spent half of my life striving to deliver.

"The man's a Genius with a camera!" "As soon as we met him we knew straight away he was the one. Such a likeable man and very easy to get on with." **Mr Dwain Stephens**

"We had a loads of recommendations from people, not necessarily the bride and groom but people who have attended weddings where JP was the photographer. Loads of people had commended how fantastic he was." **Mrs Christina Tungatt**

"Fantastic photographer who produces some absolutely gorgeous photos" **Mrs Sophie Webb**

"Myself and my new husband, Giuseppe, are not the most natural when it comes to having our photos taken but JP made both of us feel at ease and relaxed. All of our friends and family said how great he was on the day, he was a big hit with everyone! We also loved how he wrote a blog about our big day, it was lovely to read it from another person's perspective. We would highly recommend him." **Mrs Laura Piazza (Butler)**

"JP was amazing! He had all the patter on the day, kept me calm and organised the guests brilliantly. He ensured we got all the photos we wanted and I never saw him without a smile on his face. He was patient and very professional! Couldn't ask for anything more.. Thank you!" **Mrs Alison Peruga (Cruse)**

"JP helped to make our wedding day perfect! A great guy, very professional! He took some beautiful pictures and made us feel so relaxed in front of the camera! We have had so many compliments about our wedding day....and most of those have been about JP. I adore the album he put together for us! We met him before we booked our venue and booked him as soon as we had a wedding date! JP went above and beyond for us... even emailed me with some venues to look at! AMAZING PHOTOGRAPHER ....LOVELY GUY!!" **Mrs Natalie Cook (Cato)**

### **About Me...**

With so much choice out there, I thought id let you know a little bit about me and who I am. I have always been in photography. I worked at a Photography Studio from the age of 14, so I've been involved in Weddings all my life. To date I have photographed over 1000 weddings which has taken me to France, Italy, Ireland and as far as Cyprus.

### **Before Your Wedding Day...**

When you book your wedding with me you have all my contact details. So we can keep in touch right up to the big day. I meet with my couples for a planning session usually 4 weeks prior to the big day to run through the finer details. Couples have my mobile number and with the power of instagram and pinterest when you see a special image, screenshot it and whatsapp it over to me. I then keep the images on the chat then on the wedding day when ive took the pictures that I need I will take some of the ones that you have screenshotted.

### **Your Wedding day...**

The Coverage is the Story of the wedding so it starts with a few shots of the groom getting ready 2.5 hours before the ceremony. Then 2 hours before the ceremony with the Bridal preparations and continues through the day and evening until the main dancing. I guarantee you a coverage upwards of 400 images. I upload the edited images into a password protected online gallery, guests can then download the pictures directly on site. If they would like the pictures professionally printed then they can use the shopping basket and receive their photos within approximately a week of ordering.

### **Viewing Your Wedding Photos...**

If You have decided to add an album to your package. Then approximately 4 weeks after your wedding you come over to our offices. This appointment takes approximately two hours. At that viewing you select 60 images for the book design. Additional Images are £15 each.

### **Your Storybook Wedding Album...**

The Storybook albums all come with the first 60 Images included. The albums are made in Italy and go through a vigorous manufacturing process. The bride and groom books have an acrylic cover and Photographic paper and are finished in a made to measure leatherette box. The Duplicate copies are hardback copies of the main design. I personally design every Storybook, once the design is ready it is sent over to you for approval. If necessary I will make one set of alterations. Once approved the Storybook is ready for collection in approximately 4 weeks.
